

SCHALUNGSPLATTE KUNSTSTOFF

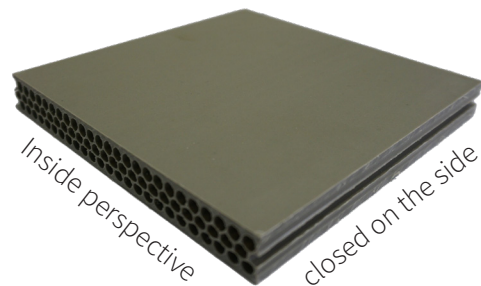

SCHALUNGSPLATTE KUNSTSTOFF 21MM

Item-No.	Length cm	Width cm	Thickness mm	Pcs / Pallet
TSP21/20050	200	50	21	112
TSP21/250125	250	125	21	56

- Easy to nail or screw
- Easy to repair with hot glue

ADVANTAGES:

- Reusable up to 100 times
- High reusability compared to plywood formwork plates
 - High cost saving due to high reusability
- 100% waterproof, can be used in humid environment
- Low weight, can be installed without crane and other tools
 - Can be cut, screwed and nailed without problems
 - No release agent required
- Easy removal and cleaning of the formwork panel due to the very smooth surface
 - Dimensionally stable, does not deform or warp
 - Environmentally friendly, 100% recyclable

Due to the thermal expansion of the gases inside during production, it may happen that some holes are not sealed. This does not affect the usability or the penetration of concrete.
